

Cockpit drill & Controls Foundation Questions

Name: Date:

Your completed questions form part of the coursework required for assessment. Please contact Training Support for details of how to submit your work.

Please avoid 'short' answers of just a few words – answer the questions as fully as you can.

1. Briefly state the instructor's goals for the outcome of this lesson.

2. How might you make the explanation of the handbrake interactive?

3. What must you watch for when the learner gets out of the passenger seat in order to swap seats?

4. How could you check if the learner has adjusted the mirrors properly?

5. True or false: You have to discuss all the car's controls, dials and switches during a controls lesson.
Briefly explain the reason for your answer.

6. If the learner asks a question about the controls of a vehicle that you are not familiar with, what advice can you give?
