

Crossroads Foundation Questions

Name: Date:

Your completed questions form part of the coursework required for assessment. Please contact Training Support for details of how to submit your work.

Please avoid 'short' answers of just a few words – answer the questions as fully as you can.

1. What advice will you give to learners to help them to recognise the location of a crossroad?

2. How might you gain extra opportunities to teach crossroad skills?

3. If 'offside to offside' passing is the safest method of turning right at crossroads, why is 'nearside to nearside' the most common?

4. What simple method can you use to help your pupils remember to check all the roads before entering a crossroad junction?

5. Briefly explain unmarked crossroads as if teaching a beginner.

6. What danger might you teach your customers to expect when approaching a staggered crossroad on the main (priority) road?
