

Meeting Vehicles Foundation Questions

Name: Date:

Your completed questions form part of the coursework required for assessment. Please contact Training Support for details of how to submit your work.

Please avoid 'short' answers of just a few words – answer the questions as fully as you can.

1. Briefly explain the three decision options a learner has when approaching a 'meeting' situation?

2. Briefly explain the term 'priority' as if talking with a learner driver.

3. Some drivers are very confident about judging the width of their cars and as a result, feel comfortable driving through narrow gaps quickly. How would you explain why good judgement of width is not the only criteria?

4. Why is it a good idea for drivers to hold back two to three car lengths (or more) behind an obstruction when giving way to approaching traffic?

5. Briefly explain what is meant by 'reverse role' demonstration?

6. What advice would you give learners about the rectangular sign indicating priority over oncoming traffic?
