

Overtaking Foundation Questions

Name: Date:

Your completed questions form part of the coursework required for assessment. Please contact Training Support for details of how to submit your work.

Please avoid 'short' answers of just a few words – answer the questions as fully as you can.

1. When would you start to teach the basics of overtaking – and what standard would a learner need to be for an overtaking lesson on a fast two-way road?

2. What advice would you give about gears when overtaking?

3. Many drivers make a common error when overtaking, especially if they have underpowered cars. What is this error and how would you explain the danger to a learner?

4. What common driving error prevents drivers from overtaking large vehicles when it might be perfectly safe and appropriate to do so?

5. What advice would you give to a learner driver about moving in after overtaking and why?

6. What is the first question that a driver should ask him/herself before deciding to overtake, and what needs to be taken into consideration when answering the question?
