

Parallel Parking Foundation Questions

Name: Date:

Your completed questions form part of the coursework required for assessment. Please contact Training Support for details of how to submit your work.

Please avoid 'short' answers of just a few words – answer the questions as fully as you can.

1. What skills should be in place before starting this manoeuvre and when should it be introduced?

2. List the ideal outcomes for this lesson.

3. True or false: During the driving test candidates could be asked to reverse into a space of two car-lengths between parked cars.

4. What are the benefits of using a single car when starting to learn this manoeuvre?

5. What advice would you give to a learner about the use of a reversing camera when completing a parallel parking manoeuvre?

6. If a learner asks whether they are permitted to use the passenger door mirror for this manoeuvre when taking their driving test what advice would you give (please give a full explanation).
