

Controls Lesson - questions

Name: Date

Briefly state the instructor's goals for the outcome of this lesson.

How might you make the explanation of the handbrake interactive?

What must you watch for when the learner gets out of the passenger seat in order to swap seats?

How could you check if the learner has adjusted the mirrors properly?

True or false: You have to cover all the car's controls, dials and switches during a controls lesson.

If the learner asks a question about the controls of a vehicle that you are not familiar with, what advice can you give?
