

Future development targets worksheet

Name: Date:

Using the basic self-evaluation method introduced in week one, formulate specific improvement targets for each of the following. Consider both skills and attitude and be honest with yourself!

Subject	Current Rating	Changes to achieve current Rating + 2
Daily/Weekly car care		
The cockpit drill		
Moving off and stopping		
Gear changing		
Giving a smooth ride		
Emergency stop		
Mirrors - Signals – Manoeuvre		
Using signals (inc. Arm signals)		
Angle start		
Total for this sheet =		

Subject	Current Rating	Changes to achieve current Rating + 2
Reversing to the left		
Turn-in-the-road		
Reversing to the right		
Reversing into a parking bay		
Reverse parking		
Speed limits		
Keeping a safe space		
Reading the road		
Overtaking		
Dual carriageways		
Motorway driving		
Commentary driving		
Total for both sheets =		
Average = (total divided by 22 – 22 being the number of subjects)		

Targets for future development

Based upon your average score above, write out in less than 100 words your goals for the future and the actions/beliefs needed to achieve those goals.
